

Special Issue Announcement

Transaction on GIGAKU is planning to publish a special issue on GIGAKU Techno Park (GTP) as a forthcoming volume. GTP project led by Nagaoka University of Technology is established to facilitate global-scale support for technical and industrial innovation and to foster future engineers as a part of Top Global University program funded by the Ministry of Education, Culture, Sports, Science and Technology of Japan. The project has been steadily expanding international bases with support of local companies and governments, and partner universities from 2014, and now GTP offices are in nine countries on every continent. The objective of this Special Issue is to share various efforts and achievements, as well as challenges on global cooperation and education by GTP participants.

Authors are requested to submit a manuscript which contains 6 to 10 printed pages, as a Portable Document Format (PDF) file. All manuscripts must be prepared in accordance with the Transaction on GIGAKU's guidelines for publication. For more information on the submission, please read the descriptions at "Submit a Paper" in the website: <https://lib.nagaokaut.ac.jp/gigaku-press/ToG/transactionsongigaku.html>.

For each paper submission, we request authors to add one cover page that describes

- (1) Paper title and authors' names, affiliations, and contact information with e-mail address,
- (2) Abstract of the paper.

Deadline of paper submission : June 30th, 2021.

Submission Fees: free charges

If the prospective authors have any questions, please contact to;

Editor of the special issue: Takaomi Kobayashi (E-mail: takaomi@vos.nagaokaut.ac.jp)
